SMUGGLING IS GOING ON

DOMINICAN GOVERNMENT HEAVY LOSER

Agent of Insular Bureau Reports on Revenue Conditions—Cotton Production and Distribution—Washington Notes.

Washington, Oct. 9.—H. F. Worley, agent of the insular bureau, who was sent to Santo Domingo to investigate revenue conditions on the border between the Dominican and Haytian republics, has made a partial report to the war department. He estimates smuggling going on across this border has cost the Dominican government \$250,000 to \$300,000 a year. Custom houses have now been established and others will be established until it will be impossible to continue smuggling. The department doubtless will send enough men to Santo Domingo to protect the revenues of the government.

Worley also made a trip into the interior of Hayti and says reports were often brought to him of savage customs in the wildest regions, including cannibalistic feasts, where the victims were babies. These reports were sufficiently authentic to be believed by him.

MILITARY REPORT.

In his annual report to the secretary of war, Brigadier General Williams, commanding the department of the Columbia, expressed decided views about the inefficiency of retaining in the military service officers who by reason of age or mental condition or physical ailments are unable to endure the hardest field service and intelligently direct their troops. He would have no captain over the age of 40 years, and suggests a rigid physical, mental and technical examination of every officer before he shall be placed in command of a regiment. A corollary of this project is a plan for the compulsory retirement of officers to ensure accession to high commands of men young enough for active field work. Like everyone of the general officers of the army commanding military divisions and departments who have yet been heard from on the subject, and only one remains to report this year, General Williams urges the restoration of the army, canteen.

COTTON BULLETIN.

Washington, Oct. 9.—The census bureau today issued a bulletin showing the production and distribution of cotton of the United States, available between Sept. 1, 1904, and Sept. 1, 1905, to be 14,455,782 bales. Of this 61 per cent was exported and 39 per cent used in domestic consumption, leaving a surplus of 9 per cent. Domestic consumption includes 36.76 bales destroyed by fire.

WASHINGTON NOTES.

The commissioner of the general land office has ordered the withdrawal from entry all public land in twelve townships in the Alliance, Neb., land district on account of the North Platte irrigation project. The senate office building commission has agreed the base shall be of granite and front walls of the superstructure of marble.

An order was issued at the war department to day relieving Major General Weston from the office of commissary general and directing him to report to the acting chief of staff for duty. It is expected Weston will be ordered to command the northern division headquarters at St. Louis.

MURDER MYSTERY

Midletown, N. Y., Oct. 9.—To all appearances the authorities are still completely baffled in their efforts to solve the mystery of the triple tragedy at the Olney farm last Friday. The condition of Mrs. Ingerick has improved considerably to day and District Attorney Rogers had a long conversation with her, with what results he declined to say, although it was hinted he had obtained information that would soon lead to arrests.

DEATHS.

Milwaukee, Wis., Oct. 9.—Robert C. Bradford, treasurer for the Cudahy Bros. Packing company, dropped dead of heart failure last night.

Louisville, Ky., Oct. 9.—Dr. John A. Cuchteron, physician, surgeon, author and professor, is dead, aged 67. He was one of the founders of the Louisville Medical college and has occupied chairs in medical colleges in many cities. He was knighted several years ago by King Oscar of Sweden and by the late Pope Leo XIII. Cuchteron contributed much of value to medical literature.

Hamilton, Ohio, Oct. 9.—Telegrams received at Western college to night announced the death at Pasadena, Calif., of Miss Helen Epabody, aged 30, who was the first president of the college and one of the foremost women educators of the United States.

AFFAIRS AT MOSCOW

Order Restored in Rebellious City—Strike Reported to Be Spreading.

Moscow, Oct. 9.—Order was restored at 11 o'clock last night. It is officially announced that among the wounded are five Cossacks, four gendarmes and a number of policemen.

St. Petersburg, Oct. 9.—General Thiopoff has announced by phone from Moscow no serious disorders occurred there last night and the situation was slightly more reassuring this morning. The strike is spreading, however, and the authorities are evidently apprehensive. They are hopeful, however, that St. Petersburg will not be affected. Serious development at Moscow today was an attempt to interrupt railroad communication. Rails were tampered with a short distance from Moscow, causing derailment of a train, but there were no casualties.

Complete order has been restored in streets by police and military patrols, reinforced by a regiment of dragons from Tver.

THE STORTHING.

Christiania, Norway, Oct. 10.—After two days spent in excited discussion, the storthing at 1:30 o'clock this morning (Tuesday) proceeded to vote on the proposal of the republican minority to submit the Karistad agreement concerning the dissolution of the union between Norway and Sweden to a referendum. The proposal was rejected by a vote of 166 to 8.

The agreement was then accepted, 161 to 16. This is a great victory for the government.

PLACED IN JAIL.

Denver, Colo., Oct. 9.—Dispatches from Alamosa to night say that Isaac Schiffer, one of the owners of the defunct bank of Alamosa, under arrest on seven counts charging embezzlement and receiving money knowing his bank to be insolvent, was placed under \$100,000 bonds. Schiffer was taken from the jail at Alamosa to Pueblo and placed in jail there upon failure to supply bond.

BANKERS IN WASHINGTON.

Washington, Oct. 9.—Thousands of bankers from all over the United States, many of them accompanied by ladies of their families, are invading Washington to attend the thirty-first annual convention of the American Bankers' association, which begins here Wednesday and will continue through Friday.

FOUGHT THE FLAMES

University of California Saved by Heroic Work of Students and Firemen.

Berkeley, Calif., Oct. 9.—A fierce fire swept over Berkeley hill behind the University of California and had it not been for heroic work on the part of the 1,000 students, the Berkeley fire department and hundreds of citizens, property to the east would have been destroyed. Fanned by a gale the flames swept the hills and bore down toward the university buildings. Seeing the danger, President Wheeler called upon the students to fight the flames. Wheeler himself led the students and they fought the flames with wet sacks until late this afternoon. Many students had narrow escapes from the flames. One party was cut off by a circle of fire and compelled to wrap themselves in sacks to save their lives. Others, including many professors, were scorched and burned. By 6 o'clock to night the flames were well under control, though still burning. The fire has burned over three miles of territory. A guard of students will remain on the hillside to night to prevent a spread of the fire.

WELL GUARDED.

Kalamazoo, Mich., Oct. 9.—Because of threats made by confederates of Charles Meyers, sentenced to the Marquette prison for fifteen years for burglary, that they would take him from the officers, the entire police and sheriff's force accompanied Sheriff Shean and the prisoner to the station to night and guarded the train until it was in the country to see that no suspicious characters boarded it. E. S. Rossell and Charles Cannon, two of the alleged confederates, who came from Chicago, are in jail. The threats became publicly known to night and thousands of persons were at the station.

RECEPTION FOR MISS ROOSEVELT.

Tokio, Japan, Oct. 9.—Miss Alice Roosevelt was given an enthusiastic reception at Nikko. During the journey she received greetings and welcome at the principal stations.

BURNED TO DEATH.

Austin, Texas, Oct. 9.—As a result of an effort to light a fire with a can of kerosene, Mrs. Amanda Carlson and Miss Esta Lawson, living near this city, were burned to death to day.

FOURTEEN DROWNED.

Budapest, Hungary, Oct. 10.—A tug boat ran down a fruit seller's punt in the Danube, near Budapest. Fourteen women were drowned and many other seriously injured.

REFUSED AN INJUNCTION

RAMSEY'S PETITION DENIED BY COURT

Battle for Control of Wabash Will Be Kept Up at Toledo to Day—Gould Has Best of Contest So Far.

St. Louis, Oct. 9.—Circuit Court Judge Taylor to day denied the application of Joseph Ramsey, Jr., for an injunction to restrain the Missouri Pacific and Iron Mountain roads from voting Wabash stock held by them in the annual Wabash election at Toledo to morrow. The decision is regarded as a most important victory for the Gould interests.

Toledo, Ohio, Oct. 9.—George J. Gould arrived in Toledo this afternoon ready for the annual meeting of the Wabash railroad, which is to be held to morrow. Joseph Ramsey, Jr., ex-president of the road, former friend and present antagonist of Gould, is also on the ground prepared to fight for control of the Wabash system. With Gould came several of his chief lieutenants. Ramsey, save for his legal advisers, seems to stand practically alone.

Gould himself this afternoon declined to discuss the probable outcome of the meeting, but his friends confidently predict he will not only retain control of the Wabash system by an overwhelming majority, but that when the smoke of battle has cleared away, it will be found not only had Ramsey failed to gain control of the system, but that he has been removed from it entirely, and that his name does not even appear in the new board of directors.

Ramsey, like Gould, declines to make predictions. He is, however, to all appearance cheerful and confident. Neither side will give figures as to the total number of proxies controlled, but the Gould party declared to night the decision of Judge Taylor in St. Louis, which gave to Gould practically 40,000 votes meant nothing to him, so far as ability to control the meeting is concerned. No matter how that case was decided, they claim, Gould has so large an excess of votes that he could not only have lost the 100,000, but could even have transferred them to Mr. Ramsey without altering the result. To statements such as these Ramsey says nothing. He simply laughed and said: "We will know all about it to morrow."

Toledo, Ohio, Oct. 9.—Counsel for Joseph Ramsey, Jr., this afternoon withdrew the application for appointment of three inspectors at the election, in view of the decision of the court at St. Louis.

KILLED PLAYMATE

Appleton, Wis., Oct. 9.—Thirteen-year-old Bernard Supina voluntarily appeared in court to day and pleaded guilty to killing Frank Murzek, a playmate. While struggling for possession of an old pistol, Murzek was shot through the heart by Supina, who hid the body in some bushes. The boy was sentenced to the reform school.

FOUND BLOODY IMPLEMENTS.

Kaukauna, Wis., Oct. 9.—In a thicket at the back edge of the McCarty farm were found to day a bloodstained saw and axe, the implements supposed to have been used to cut up Michael M. McCarty previous to the burning of his body after he was murdered a short time ago. Pieces of charred bones found under the ashes show plainly they had been sawed up and broken up into small pieces. Weizel E. Kabat, who is in jail, will have a hearing Wednesday. The district attorney to day stated Kabat will be charged with McCarty's murder.

SANITARY CONVENTION.

Washington, Oct. 9.—Delegates from twelve South American republics attended the opening session of the second general international sanitary convention in this city to day. Surgeon General Walter Wyman is president. An address of welcome on behalf of the government was made by Secretary Root.

DECLINED NOMINATION.

New York, Oct. 9.—Charles E. Hughes, counsel for the insurance investigating committee, to day declined the Republican nomination for mayor.

SUPREME COURT MET.

Washington, Oct. 9.—The supreme court of the United States convened to day for the term of 1905-06, with all members present. No business was transacted.

BELONGED TO PHYSICIAN.

Des Moines, Iowa, Oct. 9.—The skull found in a pawn shop last Wednesday was left by City Physician Miller a few weeks ago, and forgotten by him.

CALHOUN BACK.

New York, Oct. 9.—Judge Calhoun, who went to Venezuela several months ago as special commissioner to represent the United States government, returned to New York to day.

SECRETARY TAFT

Says No Foreign Power Can Successfully Assault Our Seaboard Cities.

New York, Oct. 9.—"No foreign power could successfully assault our seaboard cities. With the present efficiency of our ports, rendered impregnable by the fine patrol system, sweeping a zone that would bring annihilation to any fleet within range of batteries of the big guns, the seaboard cities are safe from foreign invasion," said Secretary of War Taft yesterday. He returned Saturday enthusiastic from his visit to Fort Hamilton and Sandy Hook.

KILLS HIS FOE IN A DUEL.

Granite City, Ill., Oct. 9.—In a three-cornered pistol fight in the street Philip Mernagh killed one of his opponents, Lee Bradwell, and seriously injured the other, Adam Snow. To save Mernagh from possible violence, Mayor Morgan L. Masters had him removed to the county jail at Edwardsville.

Although eight shots were fired at Mernagh, he was not hit. The affray was the aftermath of a quarrel in Bradwell's saloon the night before, which resulted in Mernagh's ejection from the place.

CAPTURED TUG.

Comeau, Ohio, Oct. 9.—The United States revenue cutter Morrill to day captured the American fish tug Valiant, of Erie, off this port while, according to a statement of the captain of the Morrill, the tug was several miles across the Canadian line.

BACK IN OMAHA

Pat Crowe Arrives in Charge of Detectives and Is Placed in Jail.

Omaha, Neb., Oct. 9.—Pat Crowe, the alleged kidnaper of Eddie Cudahy, arrived here this evening from Butte, Mont., in custody of Omaha detectives. An immense crowd greeted Crowe at the union station. The prisoner was rushed through the crowd and conducted to the city jail in a patrol wagon. Opposite his name on the register was placed the charge of shooting with intent to kill or wound. He refused to discuss the Cudahy affair, but when asked if it was true he once offered to return \$25,000 to Edward Cudahy if he would not prosecute him, Crowe said: "I believe Cudahy made the statement that I did so. I do not think he would tell a lie for \$25,000."

END OF BOOTH'S PLANS.

London, Eng., Oct. 9.—The colonizing scheme of General Booth, of the Salvation army, appears collapsed so far as Australia is concerned. General Booth proposed to send out 5,000 families, provided the Australian government would give them land. The government announced its willingness to consider the scheme, but the colony called loudly for a process of selection in order to prevent the immigration of needy colonists. As a result General Booth cabled Alfred Deakin, the prime minister of Australia, expressing regret that owing to these difficulties he cannot proceed with an effort likely to involve conflict.

FOOTBALL MAN KILLED.

Chester, Pa., Oct. 9.—After making a spectacular run of fifty yards in a game of football, John S. Summerfield, right half back of the Franklin football team, was tackled by a player on the Homestead team, and thrown so heavily that he died in ten minutes.

Early in the game he was kicked in the stomach, but refused to leave the game. On the side lines, applauding his playing, was his bride.

FLAW IN PETITION

Springfield, Oct. 9.—The name of Mayer McCaskrin, of Rock Island, may not be certified to the county clerks in the fourteenth congressional district as an independent candidate for congress, because in his petition McCaskrin failed to comply with the election law, which provides that at the top of each sheet of signatures shall be given the candidate's name, residence, and caption under which his name is to appear on the ticket, and that at the bottom of the sheet shall be affidavits of the persons supplying signatures to the sheet that he knows each signer to be a legal voter in that district. The matter is in the hands of the attorney general.

BARGE BURNED.

Houghton, Mich., Oct. 9.—The barge No. 100, in tow of the steamer Lizzie Madden, caught fire at noon yesterday twenty miles east of Bayfield and burned to the water's edge. The crew was saved. The barge had on board 60,000 feet of lumber.

KILLED BY STREET CAR.

Chicago, Oct. 9.—Patrick T. McGarvey, president of the Washington Boiler works and a prominent member of several Chicago clubs, was struck by a street car to night and killed.

DIES FIGHTING YELLOW FEVER

DR. SHANLEY PROVES HIMSELF A MARTYR

Spent Days and Nights Visiting and Ministering to the Sick—Disease Gradually Being Stamped Out.

New Orleans, Oct. 9.—A martyr in the fight against yellow fever, Dr. C. M. Shanley, formerly of North Dakota, died to day at his plantation home on Bayou Baratta as a result of a relapse from yellow fever. Shanley came here with his family three years ago. When the fever appeared in New Orleans he refused to leave and when it developed on Bayou Baratta he volunteered his services to assist in stamping it out. He placed his steam launch at the disposal of the authorities and for days and nights visited and ministered to the sick. Several weeks ago he was himself stricken and was brought to the city and taken to the emergency hospital. He remained there until he believed himself cured and immediately returned to the bayou to resume his work. Exposure and the fact that he had ventured out too soon resulted in a fresh attack of the illness, death resulting to day.

Continued successful progress of government authorities in an effort to stamp out yellow fever in New Orleans was again manifested to day in the low number of new cases and deaths, the former being seventeen and the latter one. The total number of cases for last week was the lowest for any week from the beginning of the epidemic, and there has been a continuous decline for several weeks past.

DOUGHERTY IN JAIL

Pearl, Oct. 9.—N. C. Dougherty, former superintendent of schools and ex-bank president, who was indicted for forgery, gave himself up to night and now occupies a cell in the county jail. He was bailed to give \$25,000 bail, which was fixed after the return of eighty-four additional indictments, and his attorneys said that he would probably have to remain in jail until the time for trial.

At a meeting of the school board this evening the directors announced attachment papers have been issued against his real estate and personal property, amounting to \$50,000. This was done to protect the school funds.

STEALS WHEN STARVING.

St. Louis, Mo., Oct. 9.—"I was starving and my wife was starving. I had tramped the streets for hours in search of work and was desperate. My eyes rested upon a young woman with a purse in her hand. Without thought of what I was doing, or the consequences, I seized the purse and ran. When the policeman grabbed me I was bewildered. For the first time the thought that I had committed a crime dawned upon me. Then I wished I was dead."

In these words Oliver Hamilton, graduate of Eton college, near London, the son of an English Episcopal minister and himself a close student and translator of the Bible, explained the crime for which he was arrested and spent several hours in the holdover.

SECURED MILLIONS

Philadelphia, Pa., Oct. 9.—Arthur Foster was to day placed on trial charged with being the principal owner of the Storey company, which is alleged to have defrauded a large number of persons throughout the country. Receiver Bradley, in his report to the court, stated that during the four years of its existence the Storey company obtained from the public over three and a half millions and there is yet due its customers nearly three million more. Assets of the company are \$50,000.

FIRE LOSSES.

Marquette, Wis., Oct. 9.—Fire in the Ludington company's lumber yard to day caused a loss of \$25,000 to lumber. The mills were not damaged.

Duluth, Wis., Oct. 9.—De Koven hall, the main dormitory of St. John's Military academy, was destroyed by fire to night, loss \$30,000. Cadets who had rooms in the building escaped without injury. The school library was destroyed. Origin of the fire is not known.

CAPTURED MURDERER.

Cincinnati, Ohio, Oct. 9.—A special from Houston, Texas, says Monk Gibson, after a hunt of several days by armed men for murdering a family near Edna, has been caught and jailed at Edna. A mob surrounds the jail.

DEAD BODIES FOUND.

Haskell, I. T., Oct. 9.—The bodies of Miss Margaret Lindsay, a Haskell school teacher, and that of a man from Elkhart, I. T., were found in the road four miles north of Haskell to day. It is believed both committed suicide.

TREATY OF PEACE

Becomes Effective Upon Approval by Russia and Japan.

Washington, Oct. 9.—The treaty of peace between Russia and Japan will become effective upon its approval without waiting for formal exchange of ratifications at Washington. This information was imparted at the Japanese legation to day. This course has been decided upon that the speediest possible termination of war may be had. The treaty, it is understood, has passed through the necessary preliminary stages of approval in each country and is now before the respective emperors of Japan and Russia for the royal signatures. As soon as it has been signed the fact will be communicated to the state department at Washington and the Washington government will apprise each emperor of this act of the other. With this accomplished war will be at an end. He formal exchange of ratifications will be carried out in Washington as soon thereafter as the signed treaty reaches here.

WORK OF BRIGANDES.

Salonica, European Turkey, Oct. 9.—The British consulate at Monastir has received a package containing a human ear which, a letter accompanying the package declares, was cut from an Englishman named Wilos, recently employed by the Turkish tobacco revenue department. Wilos was captured by brigands some months ago and the letter threatens he will be murdered unless a ransom of \$5,000 be paid by Oct. 11.

NEW SUIT BEGUN

Lincoln, Neb., Oct. 9.—Bishop Bonannum to day began a new suit of ouster against Father Murphy of Seward, Neb. Bonannum asks for an injunction against Murphy to restrain him from interfering with priests whom the bishop may send to take charge of parish property. He asserts title to the property rightfully rests in the bishop, and that the decree of excommunication against the priest has been reviewed by the higher authorities of the church of Rome and by them approved.

BODY FOUND IN TRUNK.

Havana, Cuba, Oct. 9.—The body of Ramon Carmona, manager of a trunk store, was found this afternoon inside a locked trunk which had been concealed in a remote corner of the store underneath a stairway. The police are searching for a youth known as Joseph, who had been employed in the store for a month past and slept there, and who has disappeared. Carmona had opened the safe, presumably under compulsion, and \$2,000 has been taken from it.

ON FREE LIST.

Boston, Oct. 9.—At the annual meeting to day of the Boston Associated Board of Trade resolutions were adopted unanimously asking that congress at its coming session consider the question of placing on the free list coal, iron, lumber and hides.

REAPPOINTED PREMIER.

Budapest, Hungary, Oct. 9.—According to newspapers, General Fejervary has already been reappointed premier. It is reported coalition parties have decided to abandon the proposal to move, on the reassembling of the diet to morrow, the impeachment of the Fejervary cabinet.

TRAGEDY AT GRAVE

Bowling Green, Ky., Oct. 9.—A tragedy occurred at the Honaker ferry yesterday afternoon. At the grave of their uncle, John Phelps attacked John Honaker and his brother Charles Honaker, inflicting several wounds with a knife, when John Honaker drew his pistol and shot Phelps through the heart. The men were first cousins, nephews of the late P. M. Honaker, a wealthy bachelor, who died recently. The trouble is said to have grown out of the settlement of the estate.

PLAN DEFEATED

Chicago, Oct. 9.—Mayor Dunne placed his "contract plan" for municipal ownership before the city council to night and it was defeated, 45 to 18. The plan provided for the organization of a corporation and issuance of certificates under what is known as the Mueller law. Out of the sale of these certificates the first ninety miles of street railway was to be constructed, paralleling existing lines.

It is expected the mayor will now abandon this plan and bring in its place one contemplating acquisition by purchase or condemnation of all lines of existing companies.

WOMEN GOLFERS.

New York, Oct. 9.—The qualifying round in the woman's championship tournament of the United States Golf association was played to day. Of the sixty-six players who took part thirty-three qualified. Misses Georganna Bishop of Brooklyn, Conn., and Margaret Curtis, of Essex county, Massachusetts, made the best scores, 57 each.

FOR WORLD'S CHAMPIONSHIP

NEW YORK AND PHILADELPHIA AFTER HONORS

First Game in Contest Won by National League Champions—Trotting Events at Lexington Yesterday.

Philadelphia, Oct. 9.—Masterly pitching by Christy Mathewson, backed up by gifted edged playing, gave the New York National league champions victory over the Philadelphia American league pennant winners in the first of a series of seven games for the world's championship. Philadelphia failed to score. Mathewson allowing the home team only four hits, while the New Yorkers managed to score three runs off Plank. Although defeated, Philadelphia played a brilliant game.

Philadelphia 0 4 0
New York 2 1 3
Batteries—Plank and Schreck; Mathewson and Breckinridge.

LEXINGTON RACES.

Lexington, Ky., Oct. 9.—The feature of the sixth day of the Kentucky Breeders' association meeting was the trotting for the Walnut Hill Farm cup and \$5,000, guaranteed by L. W. Harkness. It took four heats to decide the event. Turney winning from Glenwood M., the favorite. Walnut Hill Farm cup, \$5,000; 2:15 trotters; 3 in 5; (eight starters):
Turney D 1 2 1 1
Glenwood M 2 1 2 3
Leonardo 5 5 5 2

2:10 trot, \$1,000; 3 in 5; unfinished; (eight starters)—The President won; two heats; Harkness and Pat T each won a heat. Best time—2:06 1/2.

MOTHER SEEKS HUSBAND.

Chicago, Oct. 9.—Claiming to be the mother of Ray Dunlap, who is now a checker in a St. Louis restaurant, Mrs. Mary B. White, of Rockford, Ill., has written the St. Louis police asking their assistance in recovering \$15,000 which she alleges belonged to her son and which was bequeathed to him by John Dunlap, a Chicago saloonkeeper and the boy's foster father. Until a month ago, it is said young Dunlap did not know his real name or anything about his parents. For six years he was a student at the Illinois Manual Training school, after which he was sent to a farmer in Clinton, Mo., lived there three years and went to St. Louis.

RIVER IMPROVEMENT

LaCrosse, Wis., Oct. 9.—The convention of the Upper Mississippi Improvement association will meet here to morrow and during the convention the memorial to congress asking for an appropriation to establish a six foot channel in the Mississippi river from Minneapolis to St. Louis will be revived. The estimate of \$15,000,000 as the cost of the improvement will not cover the expenses.

"The revised memorial to congress will embody the same principles as the one drafted at Dubuque, Iowa, a year ago," said President Thomas Wilkinson, of Burlington, Iowa. "This improvement of the river that the memorial contemplates will cost considerably more than \$15,000,000, as has been estimated heretofore."

All of the congressmen and many of the senators from states bordering on the upper river will attend the convention.

POTTERIES FORM COMBINE.

Wheeling, W. Va., Oct. 9.—A big pottery combination, with a capital of \$400,000, is assured. The details were partially made known to day.

The stockholders of the local potteries have been called to meet Tuesday to ratify the sale of their plants. They are to receive for each share \$10 cash and one share each of common and preferred stock in the combination. The deal has been engineered principally by Philadelphia capitalists.

ROCK RIVER CONFERENCE.

Freeport, Ill., Oct. 9.—The Rock River conference of the Methodist Episcopal church to day decided to hold a great missionary conference in Chicago next year.

COMMANDER YOUNG'S TRIAL.

Mare Island, Calif., Oct. 9.—The trial of Commander Young, accused of neglect of duty in connection with the explosion of the Bennington, was resumed to day. Lieutenant Bligh and Mechanists Nelson and Wheeler were the witnesses. Their testimony produced nothing sensational.

HALL OF FAME.

New York, Oct. 9.—It was officially announced to day that the names of James Greenleaf Whittier and James Russell Lowell are to be inscribed in the hall of fame in New York university.

THE POWER OF STEAM.

Many May See That It Takes Genius to Realize.

When James Watt saw the steam causing the kettle lid to jump up and down he said: "There must be power in that steam that it can lift such a weight."

There was.

Millions prior to him had seen the same phenomenon and regarded it as an unexplained mystery.

Recent scientific research has put its finger on the "cause" of Dandridge, Fla., and consequent Baldness, and has unearthed a tiny germ which eats the life from the roots of human hair.

Newbro's Herpicide destroys this germ and consequently restores the hair to its natural state.

The Problem

of getting that coal which is best all-around, every-way you take it, at a price that's right, puzzles most people.

It shouldn't.

"Ideal" is the best coal for nearly every purpose required of coal in this section, and the price is right—11c a bushel.

If it does its work and lets you do yours. It's not the clinkety, slaty part of coal that needs constant poking up and shaking down. It's a soft coal. That's famous Springfield district soft coal. Lights and heats quickly too. Stands either test, the scale or the fire. \$2.75 per ton.

RAILROAD NEWS NOTES

New Alton Time Card in Process of Preparation—Items of Interest and Personal Mention.

Bloomington Pantagraph: Work upon the new time card of the Alton commenced actively on Saturday and the supply of paper came from Chicago that afternoon. The principal change so far as decided upon is the annulment of trains 19 and 20 west. It has been decided, so it was reported Saturday, to take off these trains between Bloomington and Roodhouse, as they were put on especially for summer travel. With the lesser travel of fall and winter it is amply for the business of that territory. To make up for the removal of these two noon trains, it is proposed to change Nos. 23 and 24, the Denver. No. 23 is to leave Chicago at 1:30 p. m. instead of 3:30 and reach here at 5:30 connecting with No. 43 for Springfield. This time is thought more satisfactory than the old time, two hours later. It will also make up in part for the possible inconvenience of taking off No. 19 at 1:30 p. m. No. 24 is to have an hour additional between Kansas City and Chicago and it is proposed to bring this train into Bloomington from the west twenty-three minutes later than now. Nos. 92 and 93, the Sunday only train between Dwight and Bloomington will be discontinued as well as several other Sunday only trains out of Peoria and Springfield. The Sunday trains of the through runs will not be disturbed.

C. P. Bemis, trainmaster of the Alton, passed through the city Monday enroute to Roodhouse.

James McBee, engineer on the C. & St. L. work train, reported for duty Monday morning after a few days' vacation.

T. L. Smith, master mechanic, and L. W. Berry, division superintendent of the Burlington, passed through the city Monday in private car No. 6 enroute to Centralia.

Lyman H. Howes moving pictures at the Grand to night. Prices: 15, 25, 35 and 50 cents.

JUSTICE COURTS.

In 'Squire Reid's court F. T. Lindsay and Richard Nunes were each taxed \$5 and costs for an ordinary drunk.

Lee Groce, arrested Sunday charged with obtaining goods under false pretenses, was dismissed by 'Squire Gray yesterday.

Hazel Angelo charged with assault and battery, was fined \$3 and costs by 'Squire Gray Monday, the fine to be stayed during good behavior.

SUNDAY SCHOOL OFFICERS.

At a meeting of the Sunday school board of Grace church held at the church Oct. 8, the following officers were elected for the coming year:

Supt.—James W. Brecken.

Asst. Supt.—John N. Ward.

CASE AGAINST PACKERS.

Chicago, Oct. 9.—Arguments against the indictment of packers charged with conspiracy to monopolize the meat trade of the country were begun to day before Federal Judge Humphrey. Attorney John S. Miller opening the argument for defendants.

THANKFUL PEOPLE

They Are Found in Every Part of Jacksonville.

Many citizens of Jacksonville have good reason to be thankful for burdens lifted from their aching backs, which they bore patiently for years. Scores tell about their experience publicly. Here's a case of it:

James H. Rayhill, teacher of advanced reading and elocution, dramatic, dialect, and Shakespearean reader, says: "I take very great pleasure in recommending Doan's Kidney Pills which I have been using for some weeks. They have given so much relief that I feel I ought to say something which will encourage you in your work. For several years I had pain in the kidneys and trouble with the kidney secretions. I had two very severe attacks and despite the use of remedies I was unable to get any permanent relief. Two boxes of Doan's Kidney Pills brought a decided change in my condition and at the present writing I am free from any pain and there is a marked improvement in the action of the kidney secretions. Any medicine which brings about such improvement will certainly cure."

Semi-idleness is common in rural Japan, and furthermore it is respectable and healthful.

We are never too poor, too ugly, too dull, too sick, too friendless, to be useful to some one.

Dr. Clara Swain was the first woman medical missionary. She went to north India in January, 1870.

Countess Margi, the widow of Gen. Tom Thum, is about to begin at the age of 65 the study of the piano forte.

A severe paroxysm of coughing may often be arrested by a teaspoonful of glycerine in a wineglassful of hot milk.

Kerosene well rubbed into the roots of the hair every other night is said to strengthen the growth and stop its falling out.

Miss Anna Morgan, daughter of J. Pierpont Morgan, the financier, is described as a healthy, happy and hearty American woman, devoted to outdoor sports.

The only college for women in western Asia is the American College for Girls at Constantinople, founded, incorporated and supported by American women.

Seeing that a hurricane was predicted from America, an old English lady remarked: "It would be a good thing if the Lord took the weather out of the hands of those Americans."

Miss Rosemary Sartoris, daughter of Nellie Grant Sartoris, and granddaughter of Gen. U. S. Grant, is engaged to be married to J. M. Nelson, jr., a prominent St. Louis club man.

It is a well known fact that the most important pores for carrying off the impurities of the body are located in the soles of the feet. Therefore it is very necessary to keep the feet in a healthful condition.

Mrs. Alice Hegan Rice, the author of "Mrs. Wiggs of the Cabbage Patch," has made her debut in the commercial world by organizing a new national bank, with a capital stock of \$250,000 at Louisville, Ky.

Buttons for the most part are large and flat though some are slightly convex. Large buttons will be used almost entirely on tailor made suits, but so ornate are they that they will be ornamental rather than useful and other modes of fastening will be employed.

An old maid never loses interest in the man she might have married. If he succeeds she prides herself on the fact that she could have had him. If he fails she is equally proud of the fact that she had foresight enough to turn him down.

Miss Susan B. Anthony in speaking of Grover Cleveland's article on the suffering question, which appeared a short time ago in a woman's magazine, said: "If he had said one new thing, given us one new idea or suggestion, there might have been a chance for argument. But no, just hash, hash, hash on the old, old lines."

Girls, just because a young man has a carriage and a horse that can go fast, do not conclude that he is just the man you should have for a husband. Takes something more than that to make a sensible girl happy. Look for a man. Don't be in a hurry. There are lots of them in the world, only it takes a little time to find them.

Some people never dream of praising anything or anybody. They take everything as a matter of course and imagine that they show their appreciation by so doing. They little dream that they never get the best service owing to their niggardliness in showing their appreciation. It is surprising how a little word of praise stimulates to new effort, and puts life and interest into the work of those about us.

KING EDWARD LIKES AUTO RIDING

England's Monarch Done Green Goggles and Life Guards Have Hard Time to Keep Up With the Pace.

London, Oct. 9.—Kings and princes alike are fast taking to automobiles, and the sight of a monarch attired in flapping duster and green goggles is coming to be as common a sight as kings themselves. It is interesting to see the expression of almost boyish pleasure upon his majesty's face when the driver of the machine puts on a spurt. With his beard parted in the wind and his soft felt hat pulled down to the goggles' edge, the ruler of Great Britain smiles broadly and bends over as if imbued with the spirit of speed just.

GRAND INSTITUTIONS.

The home and the church are two of the grandest institutions known to mankind. What would be any nearer to heaven on earth than a happy home, with a loving father and mother with their little family? When God created man he said it wasn't good for man to live alone, so he made him a helpmate, not a slave. But men don't seem to understand it that way. If the wife shares our sorrows she should also partake of our joys.

If she asks you about your business don't snap her up and tell her it is none of her business. Always speak kindly. Kiss her once in a while and tell her she is pretty, for no man who loves his wife can fail to see some pretty trait about her. If you haven't done this, try it. Nothing would please her better and she would repay you a thousand times for it. When she is feeling badly and worried, show a disposition to sympathize. And the wife should do the same for her husband. Nothing would please him more when he comes in after a hard day's work than for her to meet him at the door with a loving smile and a kiss. It makes him feel that she appreciates what he has done for her. Nothing can make home more loving than kind words. We thought the loveliest home that we ever was in was where they spoke to each other, it was always father, mother, son or daughter, and it is like the old ditty once said, when another called him a black African. "It's not so much what you say, as it is the way you speak it."

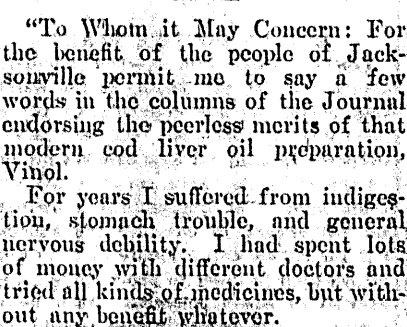

MAYOR OF FRANKFORT, KY.

Tells What Vinol Is Doing in the South.

"To Whom it May Concern: For the benefit of the people of Jacksonville permit me to say a few words in the columns of the Journal endorsing the peerless merits of that modern cod liver oil preparation, Vinol.

For years I suffered from indigestion, stomach trouble, and general nervous debility. I had spent lots of money with different doctors and tried all kinds of medicines, but without any benefit whatever.

Some of the city officials and prominent citizens called my attention to what Vinol had accomplished for them, and induced me to give it a trial. I must confess that it certainly worked wonders for me. It was delicious to take and did not upset my stomach like old fashioned cod liver oil and emulsions; it gave me a hearty appetite, cured my stomach trouble and strengthened and invigorated my entire system. I wish every sick person in Jacksonville would try this great cod liver oil preparation, Vinol. J. S. Darnell, Mayor of Frankfort, Ky.

MAYOR DARNELL.

Our local druggist, Lee P. Allcott, says: "The above letter is perfectly genuine and we endorse all Mayor Darnell says. We guarantee Vinol to increase the appetite, cure stomach troubles, renew the vitality of the aged, build up the run down, tired and debilitated, make the weak strong, cure chronic coughs, colds and build up the convalescent, or we will return to the purchaser every dollar paid for it." Lee P. Allcott, Druggist.

GAYNOR AND GREENE.

FRESHMAN WON GAME

High School Contest on College Campus Monday Proved Close and Interesting—Score 5 to 0.

The freshmen of the high school defeated the sophomores in a well played game of football, played on the college oval Monday afternoon, by a score of 5 to 0. The game was hard fought from start to finish, the ball being about the middle of the gridiron most of the time. The touchdown was made by McDonald after a long run down the field. Features of the game were a 30-yard run by Brown for the freshmen, a 50-yard run by C. Vasconcellos for the sophomores, and the good tackle by Brown as Vasconcellos was about to make goal. Bancroft made a good quarter for the freshmen. The boys appreciate the courtesy of the college in allowing them to use the oval for the game. The lineup was as follows:

Freshmen—James Brown, left half back; Leland McDonald, right half back; R. Hutchison, full back; Mac Bancroft, quarter back; W. Spruitt, center; G. Vasconcellos, right guard; William Reicks, right tackle; R. Goodrick, right end; R. Goltra, left guard; H. Woods, left tackle; L. Morrison, left end.

Sophomores—Fred J. Hopper, left half back; A. Vasconcellos, right half back; C. Vasconcellos, full back; Mayfield and Smith, quarter back; E. Bowen, center; F. Arnold, right guard; B. Hutchison, right tackle; O. Williams, right end; C. Gunn, left guard; R. Alford, left tackle; J. Frier, left end.

Captains—Goodrick and A. Vasconcellos. Referee—O'Neal. Linesmen—Barrington and McAllister. Timers—Stubblefield and Benson. Time of halves—15 minutes each. Touchdown—By McDonald.

The Buying of a Piano

HOW: The "ways and means" is a vital question. The installment plan is a very practical solution for people with limited income. It makes possible the purchase of even a very high grade piano to those who cannot otherwise consider it. It is a plan with privilege of applying is still easier when the necessary income is not yet in sight.

WHAT: The Lowest possible PRICE necessarily means the least in QUALITY where ever you buy. A price below cost of production being considered impossible in a commercial sense. As the price increases the quality should always be in proportion.

WHEN: That is the question we do our best to solve in the selection of our lines. We do not undertake the impossible, but what ever your price with us, you have the right to good tone, good making and perfect satisfaction.

WHERE: "No time like the present." Your reasons for putting off may not be insurmountable. The necessity for the immediate use may be of far more importance to you or your family than the little obstacles which perhaps we can help remove.

MAYOR NAMES COMMITTEE.

Mayor Davis Monday afternoon appointed the following committee, in pursuance to the order of the city council to investigate the rumors of graft: W. H. Cobb, chairman, E. H. Ticknor and F. L. Hairgrove. He mailed to each member of the committee a copy of the statement of the rumors filed by Alderman Capps. It is not known along what lines the committee will proceed.

Mr. Capps stated very plainly in his communication that he has no charges to make himself, that he has no positive knowledge of the matters mentioned in the communication, but simply submits a statement of the rumors he has heard, in accordance with the order of the council.

As is well known Jacksonville excels in many things besides educational matters and one of these is fine horses and superior lady riders. At the state fair Miss Helen Shuff took first premium for the best lady rider with escort and first for the best lady rider alone while Miss Pearl Taylor, of Sinclair, precinct, took second for best lady rider under fifteen years of age with escort and second for best alone.

Mr. Shuff showed in eight classes of horses and captured six ribbons which was a good showing amid such strong competition.

AUTUMN RECITAL BY MRS. READ.

Mrs. Helen Brown Read, with Mr. Francis Woodmansee at the piano, will give a song recital in the Congregational church on the evening of Tuesday, Oct. 17. Her program will differ entirely in character from that rendered by her last June. This recital will be Mrs. Read's farewell to Jacksonville audiences for some time, as she expects to leave in November for Boston, where she will open a studio.

Tickets will be placed on sale Tuesday at Smith's Music Store. Admission 50 cents, with no reservation of seats.

DIRECTOR WEIL'S PROGRAMS.

From what is said of the Weil band concerts, Director Weil has certainly solved the problem of giving a "popular" concert, even with high class music. It is not meant to convey the idea of strictly classical or even too sober works, but music that is of high order, the best of its kind, whatever is in hand at the moment. There is a world of best music that does not enter the realm of symphony or fugue or concert, or that is of too serious or taxing nature. Opera house to tomorrow night.

ANNOUNCEMENT.

I wish to announce to the public that I have finally decided to quit the race horse business, and "John R. Tanner" and five of his progeny are for sale at Woodlawn Stock farm. And I also wish to announce that the match race between "Tanner" and "Vandeventer" will not occur Oct. 12 as is advertised. Circumstances which are my private business have led me to make this decision.

Geo. Wood,
Woodlawn Stock Farm.

WATER SITUATION.

The water situation is again becoming desperate. The present level shows a fall of 7 1/2 inches, the mouth of the tunnel being now visible. When the water gets to this stage it falls very rapidly, and the mayor has deemed it necessary to take extreme measures. Consequently he issued orders Monday shutting off water from the leg plants and from the street sprinklers. All citizens will be urged to use water for all purposes as sparingly as possible.

TAKEN FROM CITY FEED LOT.

A rig owned by William Hendon was taken from the city feed lot Saturday evening about 6 o'clock. The matter was reported to the police but the property has not yet been recovered. The vehicle was a top buggy with red running gear, and hitched to it was a bay mare, blind in the left eye.

NEARING COMPLETION.

The newly paved section on Second street was thrown open to traffic during the week. All of the concrete foundation is now in place and the entire improvement will be open to the public the early part of next week. In accordance with his promises, Contractor Cherry has lost no time in the prosecution of the work as scarcely fifty days have elapsed since the first shovelful of dirt was turned. His facilities in the matter of especially equipped machinery and trained employees give him an advantage over most contractors. The completed portions of the pavement are proving highly satisfactory and as Mr. Cherry has contracted to make all repairs for a term of five years, the city will be put to no expense in this matter for some time to come.—Petersburg Observer.

Just at present Europe's chief ex-
ports to this country are American
millionaires.

Sometimes it is cheaper to spend
your money than to invest it and lose
a lot more on top of it.

Some people in the United States
drink 40,450,000 barrels of beer last
year. Their wives suspected it all
along.

A Kansas preacher refuses to take
riding fees, as he does not think it
is right to profit by the mistakes of
others.

Women are not concerned in how
men save money; what they want the
men to be proficient in is the art of
making money.

An Omaha fashion writer states
that the latest styles in ladies' hats
are very expensive. That's the reason
they are "stylish."

In San Francisco Democrats and Re-
publicans nominated the same man for
mayor. It only remains now for the
lion and the lamb to lie down to-
gether.

A congress of parents is soon to be
held in Belgium. Can't a fund be
started to furnish passage for the
Michigan lady who at the age of 17
became the mother of triplets a few
days ago?

Homeopaths in New York are
advocating the passage of a law
making it necessary for people to
obtain certificates of health before
they can get married. Don't laugh.
Sillier laws than that have been passed
in New York.

Dressmakers predict that in a few
years American men will be wearing
corsets. It is quite safe to say, how-
ever, that the time will never come
when the men will carry their money
in little satchels that dangle from
their belts.

The city of San Francisco recently
borrowed the sum of \$17,800,000 for
public improvements; of this sum
\$7,250,000 will be expended on a
sewerage system, and more than
\$1,500,000 on streets; and other items
in the accepted schedule are children's
playgrounds, land for a mission park,
and a connection between Golden
Gate Park and the Presidio.

Postmasters throughout the coun-
try must pay their debts or retire
from the public service. Worried
beyond endurance by the army of
collectors seeking the payment of
debts contracted by clerks in the de-
partment, the postmaster general re-
cently issued an order in which he
announces that he "will not harbor
anyone who contracts a debt on the
strength of his official position and
then without sufficient excuse neg-
lects to make payment." This is tak-
en to apply to postmasters as well.

Recent examinations of the rec-
ords of Fairfax county, Virginia,
throw new light, it is alleged, on the
career of George Washington as a
farmer. When he was 27 years old
he owned 50,000 acres of land. In
1757 the father of his country was a
good deal of a farmer. He had 650
acres of grass, 400 acres in oats, 700
acres in wheat and 700 acres in other
grains. Besides this he had 140
horses, 112 cows, 500 sheep and he
had 250 slaves. George was the father
of the American mule. He took
great pride in the development of the
mule and imported several Spanish
jacks that he regarded as the apple
of his eye.

COULD NOT OPERATE.

Kansas City, Mo., Oct. 9.—The new in-
dependent packing house, which opened
its plant in Kansas City, Kans., Sat-
urday, did not kill to day, being unable
to obtain government inspection of meat, al-
though application for an inspector was
filed at Washington last July.

FACTS ABOUT MIKADO.

The Independent: The yearly al-
lowance of the mikado, which is at
the same time that of the whole im-
perial family, is now \$1,500,000. Be-
sides he has the yearly income of
\$500,000 from the interest on the
\$40,000,000 which was given to him
from the war indemnity received
from China ten years ago; of \$250,-
000 from his private estates, which
amount to \$5,000,000 or more; of
\$500,000 from the forests, covering
an area of 5,124,878 acres and val-
ued at \$512,487,800, at \$100 an acre;
in all \$1,250,000. Thus his yearly
net income amounts to \$2,750,000.

There are in all sixty members in
the imperial family, inclusive of eleven
married and four widowed prin-
cesses, who are members of the fam-
ily by marriage, not by birth. Of
the rest there are eleven married and
sixteen unmarried princes, inclusive
of the mikado and sixteen unmarried
princesses.

The mikado is industrious. He rises
early in the morning and performs his
official duties all day for many hours.
The mikado is an intelligent man,
well educated. It is said he is erud-
ite enough for a degree of Ph. D.
The mikado is six feet tall. He is
one of the tallest men at his court.
He is stout, broad shouldered and
weighs 200 pounds. His countenance
has the expression of an athlete,
which is not represented in his pho-
tographs that are made public.

The Empress Haruko is 56 years
old and is two years senior of her
husband. She is one of the most
beautiful women in Japan. As she
is older than the mikado she has
been able to give her motherly care
to the mikado all these years of Meiji.

The couple love each other dearly,
although they do not usually go to-
gether when they go out. It is pub-
licly denied that she is jealous of her
rival, although it is a fact that the
Crown Prince Harunomiya is not
Her Majesty's son, but His Majesty's.

LINCOLN'S MONUMENT A MEC-
CA.

The statement made by a street
car conductor this morning that the
Fifth street line had carried more
passengers for the company than the
fair ground cars, seems improbable
at first glance. But he went on to
point out the fact that the Fifth
street cars made more trips than do
the fair ground line, which is much
longer, and on every trip they had
been carrying large crowds. Most of
the fair visitors had not been satis-
fied without a pilgrimage to Lincoln's
monument, which is a Mecca to out
of town people. Springfield News.

DAVID WINTER VERY LOW.

David Winter, an old and well re-
spected citizen of Woodson precinct,
suffered a stroke of paralysis last
Wednesday and is very low. His life
has been despaired of by his attend-
ing physician, Dr. G. W. Miller. S.
T. Morrow was in the city last night
to telegraph three of Mr. Winter's
sons, who reside in Nebraska, of his
serious condition.

John Pieper was arrested for

HOTEL RUMOR.

It was rumored on the streets Mon-
day that a certain hotel keeper in
another part of the state was con-
templating buying land in the city
upon which to erect a west end hotel.
It is the gentleman's idea to come to
this city and place his children in the
schools of Jacksonville.

SHOT INTO CROWD.

Memphis, Tenn., Oct. 9.—Wild with
rage because of the ridicule of several
small boys to night, an unknown negro
emptied a revolver into a mass of peo-
ple. One boy is dying, another danger-
ously wounded and a negro girl slightly
injured. The negro escaped.

KILLED BY TRAIN.

ler, a well known politician of this city,
was killed and Samuel Tibbory fatally
crushed to night while driving across the
Wabash railroad tracks. They were hit
by a passenger train.

MODERN AMERICANS

Gave Successful Social at Their
Hall in the Osborne Building
—Progressive Euchre Enjoyed

For several years past Progress
Lodge No. 43 Modern American Frater-
nity order has during the winter
season conducted excellent social en-
tertainments each month for the
pleasure of the membership and their
friends. Monday night at their hall
in the Osborne building the first en-
tertainment for this season was given.
It was largely attended and was
a very enjoyable affair. An unusual
event in last night's meeting was the
presence of the entire membership
with the exception of those out of the
city, there being 157 members and
friends present. Progressive Euchre
was enjoyed by the assembled com-
pany until a late hour when an elab-
orate luncheon was served by the
ladies of the lodge.

The following were prize winners
in the card playing:

First prize—Jardiniero, Lizzie
Detrick.

Second prize—Roco art picture,
Mrs. August Graubner.

Third prize—Irish linen tablet—
Mrs. James Hackett.

First gentlemen's prize—Shaving
cabinet, A. Long.

Second prize—Japanese neck-
scarf—Pat. Meany.

Third prize—French pencil, M. F.
Conley.

Guessing prize—French clock, Har-
ry Towers.

The success of this entertainment
was largely due to the officers com-
mittee in charge: James Coffee, chair-
man; Mrs. George McSherry, Mrs.
D. J. Harries, Miss Kate Doolin,
Miss Manie Carrigan, D. J. Harries,
John Bentman and Joseph Towers.
Entertainments will be given once
a month during the coming winter.

MURDER AND SUICIDE.

Chicago, Oct. 9.—Because his wife, from
whom he had been separated two months,
refused to return and live with him, Fred-
erick Raver, who formerly lived in Dolton,
Ill., shot and killed her to night and then
committed suicide. When Mrs. Raver left
her husband two months ago she returned
to the home of her parents at Chicago
Heights. To night Raver waylaid her
and appealed to her to return to him.
Upon her emphatic refusal the tragedy
followed.

The
Service
That Pleases

Our store is fortunate in
being free from all of the petty
annoyances common in ordi-
nary drug stores. Our pat-
rons are most cordial, enthu-
siastic and loyal, because we
always try to give each one the
service that most pleases him
or her—and we seem to be
singularly successful.

MATINEE RACES.

Four races are announced for the matinee at the fair grounds Thursday. The starters in the free-for-all race will be Diamond Wilkes, Motor, Jr., Tucker and Cherry Blossom. This gives evidence of being the most evenly matched free-for-all that has taken place this season. The other races will be the 8 minute pace, 2:30 pace and green pace. The Woodson band will furnish the music.

WILL REPAIR DAM

Committee of the City Council Accompanied by Mayor Inspected the Dam at Morgan Lake—Engineer to Prepare Plans.

Steps are being taken by the mayor and water committee to have the dam at Morgan lake repaired. They have made a careful survey of the affair and have instructed the city engineer to prepare plans and specifications for the necessary work after a plan that seems best. This is certainly a step in the right direction and will doubtless meet the approval of a great majority of the people of our beautiful city.

Bids will be advertised for, for the purpose of determining the probable cost of the work. The idea of the committee is to put in a concrete core nine feet deep, reaching across the dam, a distance of 400 feet, and just outside the present wall, the core to be two feet thick at the bottom and one foot at the top.

The Galbraith Furniture & Carpet Co. have received one of the improved banquet table tops which measures 78 inches in diameter and can be used on any table. Parties expecting to entertain will do well to call and examine this top as the firm will rent it at a reasonable price.

AUTO TRIP.

Mr. and Mrs. E. F. Goltra, of St. Louis, visited at the home of Hon. William Brown Sunday. They made the trip from St. Louis in their auto car and Mr. and Mrs. E. W. Brown accompanied them home Sunday evening.

HUNTING AND FISHING CLUB

Members Enjoyed Housewarming at Saldora—Number of Guests Were Present.

The members of the Saldora Hunting and Fishing club recently had a housewarming in honor of an addition to the club house which has just been completed. The club had a cabin 14 by 14 feet and have added another room 14 by 22 feet. The latter has been fitted up with bunks so that there are now ample accommodations for a number of guests.

The day was spent in a very pleasant manner with fishing as the principal amusement. Edward Whitmer and Thomas Heaton divided honors in the matter of serving the company as chef and a delicious repast was enjoyed at noon and again in the evening.

The members of the club are: J. W. Harney, Louis Hagel, S. B. Stewart, John J. Reeve, Thomas Heaton, Ed Whitmer, E. D. Pyatt, F. L. Sharpe, W. L. Fay, Ed Brown, Charles Cobb, Charles Meder and W. M. Huffman, of Jacksonville, and Mr. Taylor and Joseph Adkins, of Saldora. The guests of the club were M. D. Stewart, J. R. Davis, W. D. Daying, James McBride, J. M. Mitchell, Obed Reeve, Sanford Perry and W. E. Killen.

HAD CLOSE CALL.

A passenger on one of the street cars whose name was not learned had a narrow escape from serious injury Sunday evening as the car was passing along on Illinois avenue. He leaned out of the vestibule and was struck by a freight car standing on the track near the line. He was jerked in by the conductor just in time to save him from what would probably have been fatal injury. As it was his coat was ripped down the back and his derby had smashed beyond repair.

RETAIL MERCHANTS

Held Regular Meeting Monday Evening and Elected Officers—Membership Rates May Be Raised.

The regular monthly meeting and election of officers of the Retail Merchants' association was held in the rooms in the Scott block Monday evening. Reports from various committees were heard and the regular routine business transacted. The result of the election was as follows: President—C. L. Bartlett. Vice President—James Harrigan. Secretary and Financial Secretary—Tom H. Buckthorpe. Treasurer—E. E. Crabtree. Trustees for one year—Frank Byrns, F. G. Dodge, and John R. Davey.

The appointment of various committees were taken under advisement by the president who will name the members later. The association has under advisement the raising of the rates and making the association a more important factor in the affairs of the city.

CALDWELL FOR CONGRESS.

Springfield News: Already there is talk about the congressional succession in this district. Mr. P. F. Caldwell is understood to be a candidate for renomination and the Republicans will undoubtedly recognize Mr. Rives as his own successor for the nomination. Mr. Caldwell and friends are very confident that the feat of a year ago is not to be repeated in this district and that if renominated he will be reelected. Of his renomination none of his friends seem to be worried.

NARROW ESCAPE.

Fred Franz had a narrow escape from injury Sunday morning. He was sitting in a runabout belonging to Curtiss Crabtree in front of the Anderson Undertaking parlors. The vehicle was standing crosswise of the street and was struck by a west bound street car, throwing horse, runabout and occupants across the track and partly on to the sidewalk in front of Dorwart's meat market. Franz was thrown from the seat to the bottom of the vehicle but escaped unscathed and the runabout was apparently without damage. The horse behaved well under the circumstances and seemed none the worse for the occurrence.

STUDENTS' SOCIAL.

The students' social given by the Epworth league of Centenary church Monday evening in the church parlors was a success in every particular. A large crowd was present and enjoyed the hospitality of the young people. As a means of introduction books were passed out to each person as they entered the door and in these they exchanged signatures. After several musical selections by Miss Clara Garland, Miss English and Miss Abbie Brown light refreshments were served. The committee in charge was Miss Baldwin, Mrs. W. S. Allen and Miss Georgia Chambers.

Eugene Read, of Peoria, was a Sunday visitor in the city.

John Spears departed Sunday with a car load of poultry for New York for the Cannon Commission Co.
